

OPTIONAL CABLE ATTACHMENT BOX

⚠ CAUTION

RISK OF ELECTRIC SHOCK

- Disconnect the electrical panel circuit breaker before installing or servicing the unit or connected equipment.
- Disconnect equipment from the unit before servicing any equipment.
- Disconnect external batteries before installing or servicing the unit or connected equipment.
- The unit utilizes external batteries that may present a shock hazard even when disconnected from the AC power.
- The AC and DC output connectors may be energized by remote or automatic control at any time.
- Do not use the UPS as a safety disconnect.

Failure to follow these instructions could result in minor or moderate injury.
