

COMPREHENSIVE TECHNOLOGY

Featuring advanced technologies, Epson projectors deliver brighter images, richer colours and deeper blacks. Every projector offers reliable, fuss-free viewing with easy set-up, comprehensive connectivity and total control.

Equal White and Colour Light Output

Epson projectors use 3LCD technology that delivers equal White and Colour Light Output, for consistently true-to-life images and rich colours that are **up to three times brighter** than 1-chip DLP home entertainment projectors*6.

Unique WirelessHD™*2 technology

Screen superb movies in high-definition without connecting wires to the projector or installing lengthy cables. Simply connect WiHD enabled devices directly or plug non-WiHD devices into the projector's WirelessHD transmitter for simple wireless sending.

Radio Frequency (RF) active shutter 3D glasses*5

Experience brighter, interference-free 3D entertainment with Epson's lightweight, fully adjustable Radio Frequency (RF) active shutter 3D glasses*5. They last up to 40 hours and quick-charge in just three minutes.

Epson 3LCD technology

Epson 3LCD technology is at the heart of every Epson projector. This Epson developed technology produces images with incredible detail, smooth, natural colour reproduction and an exceptional greyscale range.

3D technology

3D images are brighter and clearer with innovations including Epson's luminance enhancement technology and lightweight Radio Frequency (RF) active shutter 3D glasses*5. At the push of a button it's even possible to convert high definition 2D films into 3D*7.

MHL™ connectivity*3

Expand potential viewing options even further by plugging in a smartphone or tablet to projectors equipped with an MHL port. This makes it simple to display all your content and movies on the big screen via HDMI. While connected, it will also charge your device, which means you won't run out of battery.

Epson Home Cinema Projector Range

A BETTER, BRIGHTER, BIG-SCREEN EXPERIENCE

Enjoy the ultimate big-screen experience in your own home with an Epson projector. Movies, sports and games, plus all your favourite 2D and 3D content comes to life in stunning high definition with high brightness and deep blacks. Add to this clever features such as lens shift and it's easy to see why Epson is the world's number one projector manufacturer*1.

Epson EH-TW6600 NEW

Great value, Full-HD 1080p 2D and 3D

- White and Colour Light Output of 2,500 lumens
- 70,000:1 contrast ratio
- Vertical and horizontal lens shift
- Enhanced Super Resolution in 2D and 3D mode
- 2 HDMI connections
- 20W integrated speakers

Epson EH-TW6600W NEW

Full HD 1080p with WirelessHD

- Full-HD and 3D WirelessHD*2 connection
- White and Colour Light Output of 2,500 lumens
- 70,000:1 contrast ratio
- Vertical and horizontal lens shift
- Enhanced Super Resolution in 2D and 3D mode
- 20W integrated speakers

Epson EH-TW6100

Full-HD 3D home cinema experience

- 1080p Full-HD 2D and 3D
- White and Colour Light Output of 2,300 lumens
- 40,000:1 contrast ratio
- 1.6x optical zoom and keystone correction
- Converts 2D HD content into 3D
- Super Resolution technology
- 20W integrated speakers

Epson EH-TW5200

Ideal for movies, gaming and sports

- Full-HD 1080p 2D and 3D
- White and Colour Light Output of 2,000 lumens
- 15,000:1 contrast ratio
- Bright 3D technology
- HDMI-MHL™ connectivity*3
- Vertical and horizontal keystone correction

Epson EH-TW570 NEW

HD ready 3D projector

- 3D HD ready 720p technology
- White and Colour Light Output of 3,000 lumens
- 15,000:1 contrast ratio
- Horizontal and vertical keystone
- 2D to 3D conversion
- 6,000 hours lamp life*4

Epson EH-TW490

Affordable big-screen gaming, movies and sports

- HD-ready 720p technology
- White and Colour Light Output of 3,000 lumens
- 12,000:1 contrast ratio
- Horizontal and vertical keystone correction
- 2W integrated speakers
- 6,000 hours lamp life*4

Better Products for a Better Future™

*1Survey conducted by Futuresource Consulting Limited for the period from 2001 to 2012. *2WirelessHD function is available across the 28 members of the EU in addition to Iceland, Norway, Saudi Arabia, Switzerland, Turkey and United Arab Emirates. Subject to change. Please contact your local Epson sales office for individual market availability. EH-TW6600W only. *3MHL connectivity only for Android devices. To check the compatibility of your device, visit www.mhlconsortium.org *4In eco mode **Epson Radio Frequency (RF) active shutter 3D glasses are part of the Full HD 3D Glasses Initiative, www.fullhd3dglASSES.com *5Compared to leading 1-chip DLP home entertainment projectors. Epson 720p projectors are three times brighter; Epson 1080p projectors are consistently two and up to three times brighter. Based on NPD data, July 2011 through June 2012. Colour brightness (Colour Light Output) measured in accordance with IDMS 15.4. Colour brightness will vary depending on usage conditions. For more information, please visit www.epson.eu/CLO *EH-TW6600W/6600/6100/570 only.
